Dear Sir

I am indebted to my friend Mr. W. A. Fletcher a Coin fancier of this City for yr name. He said If I wrote you regarding a gold Portugese Coin in perfect condition weight 9 dwts 3 grains as per impression Herewith which I have that you would perhaps make me a price for it & also tell me its face value It is dated 1783. I know it must have an antique value. I should be very pleased to hear from you regarding when you can find time & write.

Yrs truly. Robt Langston.
